By signing this form, the landowner acknowledges nomination of their tree(s) to be enrolled in the Forests Ontario Heritage Tree Program. The tree(s) will be evaluated by professionals to determine its heritage status.

Following enrollment:

- The tree(s) will become part of a database of Heritage Trees maintained by Forests Ontario.
- The following information about the tree(s) will become public knowledge and will be displayed on the Forests Ontario website:
 - Physical location of the tree(s) shown on an aerial photo base map (Google Maps).
 - Municipal address of the tree.
 - Tree species, size measurements, and reasons for heritage recognition.
- Tree information will be entered into a seed forecasting database and will be updated for health and seed production.
- Tree seed may be collected upon prior notification of the landowner.
- A plaque will be provided to the owner for display at the tree(s).
- If you live in Toronto, please note that privately owned trees are protected under Toronto Municipal Code [Chapter 813](#) or [Chapter 658](#). Under the provisions of these bylaws, a permit to injure or remove a heritage tree may only be approved by Toronto City Council.
